# POWER TRACKS REIMAGINED

The Touch of Innovation, Elegance, and Efficiency

Step into a realm where the most exquisite power track awaits your command

## Saurabh Saggar

First employee

15 years of invaluable experience in the power track industry. His remarkable journey has been characterized by visionary leadership, unparalleled management skills, and a commitment to driving innovation in the business world.

As the CEO of The Sixty One, Mr. Saggar has demonstrated an exceptional ability to turn innovative ideas into thriving businesses. Saurabh Saggar's educational journey is equally impressive, having completed his studies at prestigious institutions such as the University of Cambridge, Singapore, and Deakin University, Australia. These educational experiences have enriched his knowledge and deepened his understanding of global business dynamics.

Based in Dubai, the hub of the country, Mr. Saggar founded The Sixty One, a testament to his vision and dedication to making a lasting impact. Under his leadership, The Sixty One has thrived, setting new standards of innovation and success in the industry. Saurabh Saggar's legacy is one of transformation and progress. His exceptional leadership and unwavering commitment to turning visionary ideas into reality continue to shape the future of The Sixty One and inspire those around him.

## Glorious.Limitless.Elegant. Revolutionary. That's Sixty One

---

We're creating a new world at The Sixty One with innovative and sophisticated electrical products that aim to enhance and transform lifestyles. Our goal is to design aesthetically pleasing and efficient spaces, ensuring reliability through our advanced power track systems. We strive for a brighter future where technology elevates modern living.

## Our Mission

---

The Sixty One, our mission is crystal clear: to deliver the world's most dependable and secure power track systems. Our unwavering commitment drives us to engineer solutions that establish a global benchmark for reliability and safety. We ensure that businesses and communities can rely on our technology for smooth, protected, and uninterrupted power distribution.

## Our Vision

---

The Sixty One is determined to rise as the unparalleled pioneer of precision and innovation, wielding a transformative force that sparks progress and unveils uncharted horizons. Our unwavering dedication propels us toward a radiant era, where we redefine the energy industry with sophisticated and ground-breaking solutions. We are committed to create safe, secure environments, spreading energy and possibilities, everywhere, where limitations no longer hold us back, and life feels like a treasure chest of endless opportunities.

## Security Certification

All products comply with the International Electrotechnical Commission (IEC) safety standards. Holding 58 patents, certified by the Conformité Européenne (CE) and the Federal Communications Commission (FCC).

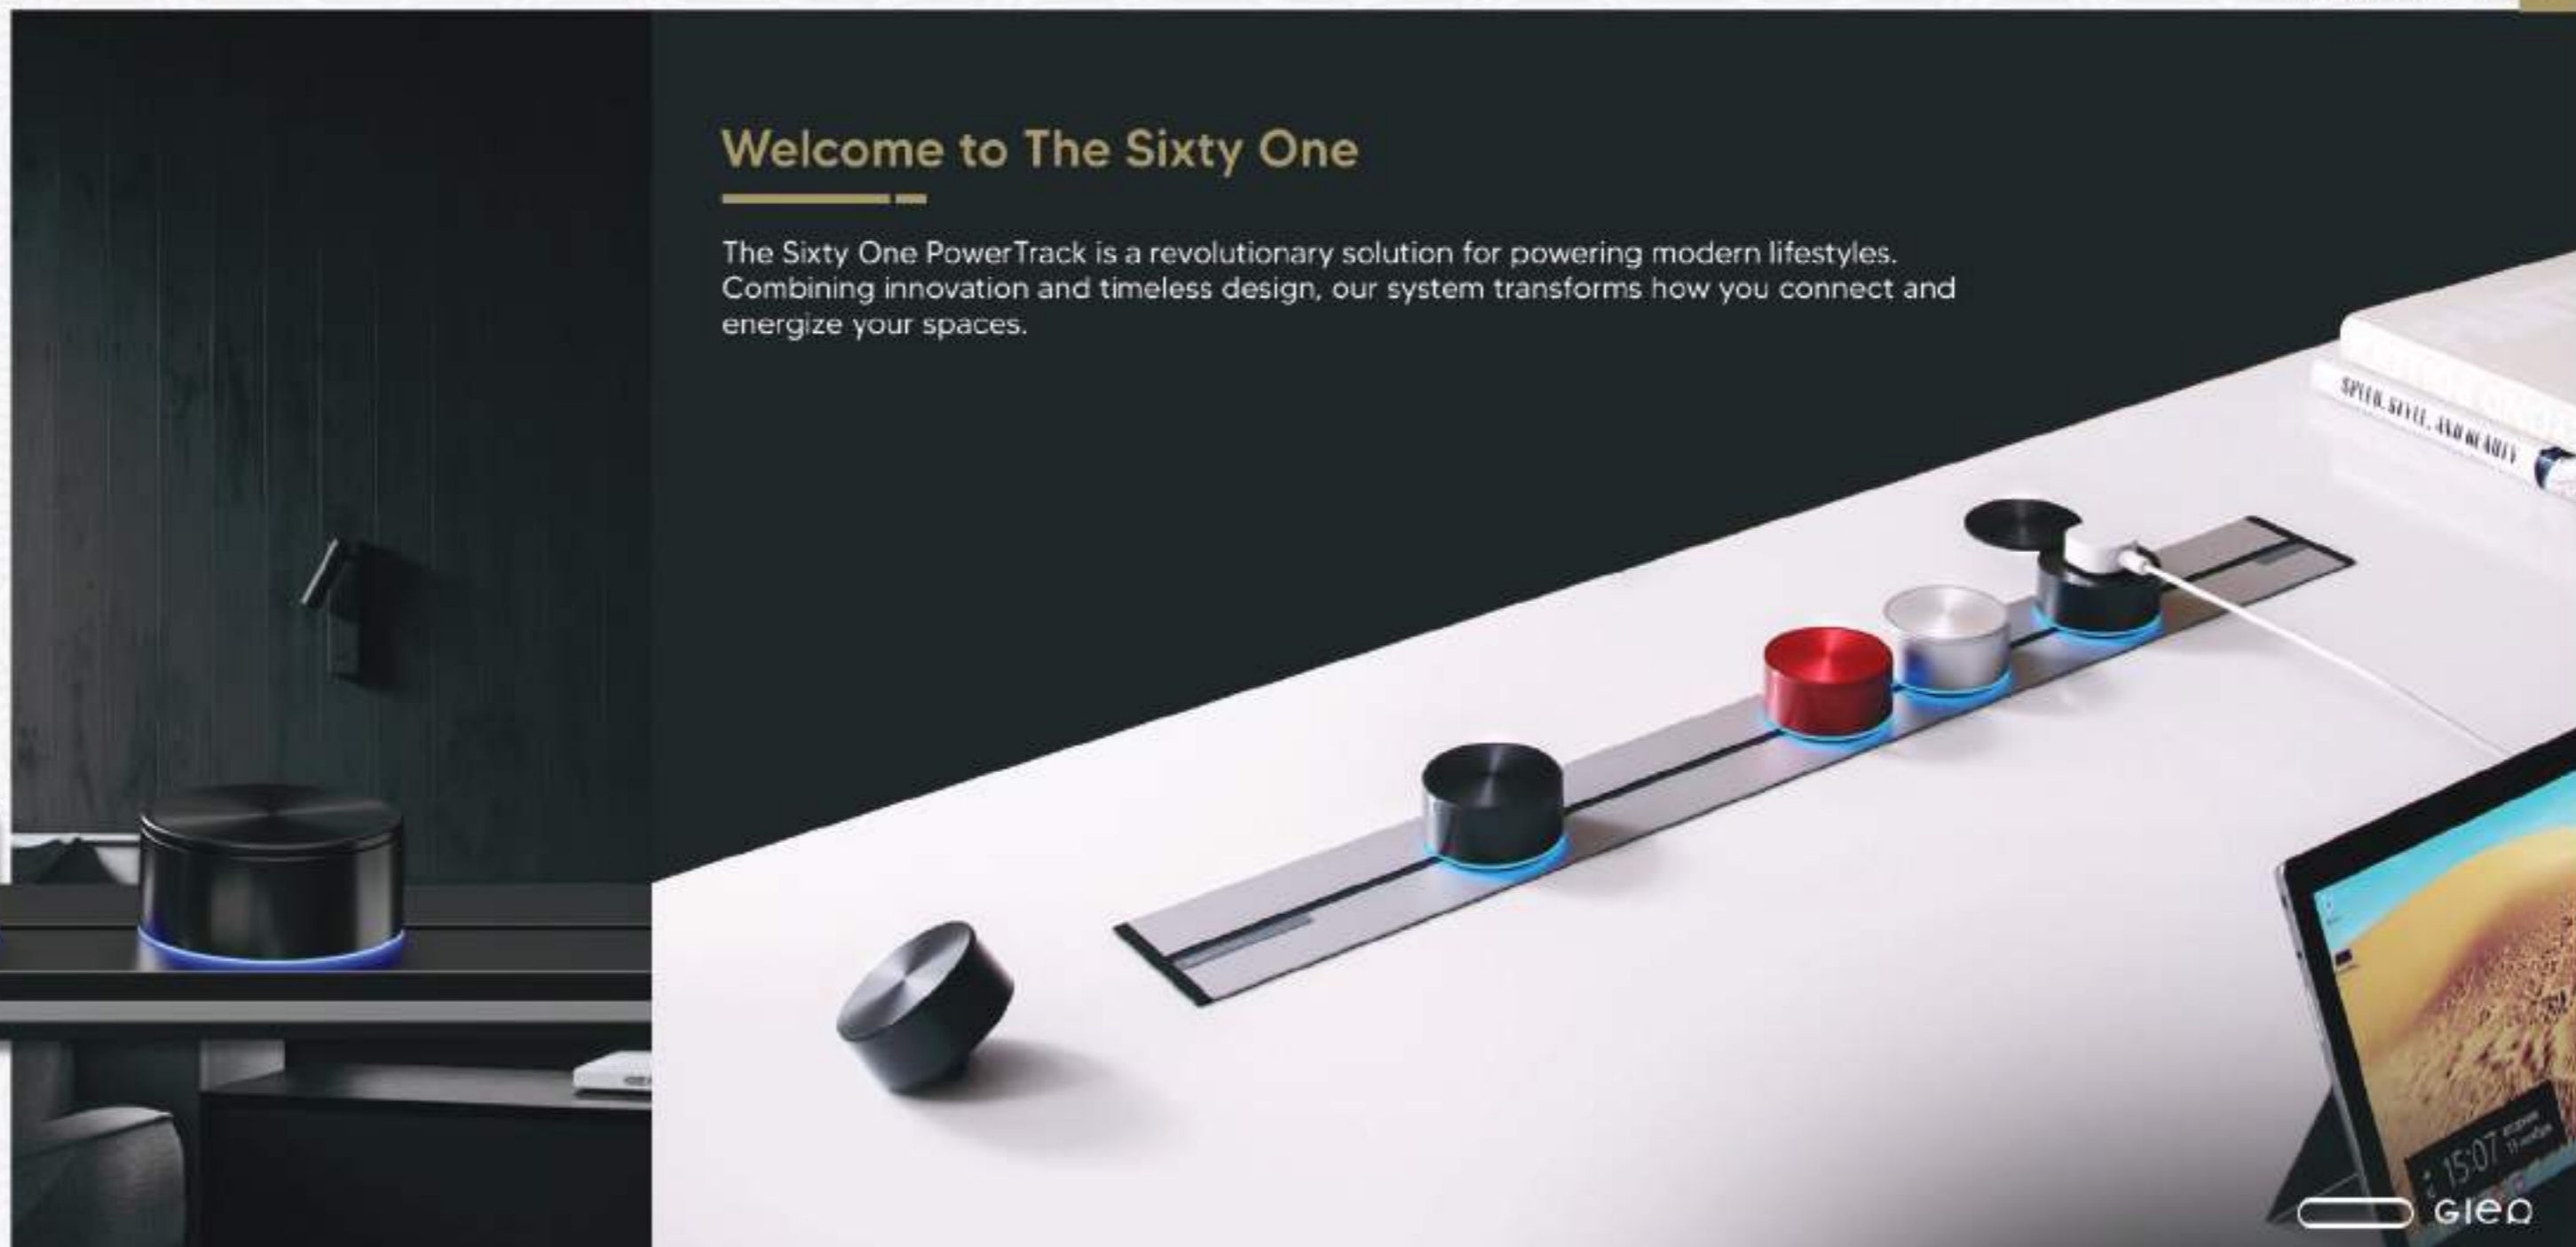

## Environment Certification

Protecting the environment and caring for health are our corporate values. Our products are certified by RoHS compliance, and our materials are recyclable and environmentally friendly.

## Welcome to The Sixty One

The Sixty One PowerTrack is a revolutionary solution for powering modern lifestyles. Combining innovation and timeless design, our system transforms how you connect and energize your spaces.

## Redefining

Tailor descriptions to align with The Sixty One's unique selling points, emphasizing its modern aesthetics, customizable options, and commitment to safety standards.

The PowerTrack Integrates perfectly into my daily flow effortless and efficient!

Step into this designer's multipurpose studio, where The Sixty One PowerTrack seamlessly supports a blend of work, Bedroom, cooking, and leisure—all with a touch of innovation.

## Redefining Kitchens with Power and Style

## The Sixty One

PowerTrack revolutionizes your kitchen, offering sleek, adaptable power solutions for modern appliances and a clutter free workspace

**Say goodbye to cluttered countertops!**

I can finally elevate my bedroom experience by powering nine essential devices, all at once, effortlessly and stylishly.

## A home made for moments to linger

Simplicity meets style in this young couple's light-filled, landed home, that they share with their parents.

**“Effortlessly blends into modern interiors, whether on sleek white walls or wooden panels. However, it truly stands out in functionality, seamlessly powering up to six different devices when the need arises.”**

Designed for modern living, The Sixty One PowerTrack ensures a clutter-free environment with no loose wires, keeping your space organized and safe. Whether it's powering your work essentials, charging devices, or adding ambient lighting, it's the perfect blend of innovation and practicality.

**The PowerTracks are sleek and convenient, eliminating the need to unplug devices when connecting new ones.**

In the workspace, Kitchen or a Living Room, a 75cm long PowerTrack enhances efficiency, ensuring easy access to multiple plug points and maintaining a seamless, clutter-free setup

Over the years, their interests and number of electrical appliances gadgets grew, but not the number of power plug points. On top of that, a little one is due to arrive soon. Thus, it was time for a little interior spruce-up

Eventually, Powertracks in their living room, coffee bar and in the kitchen. With their minimalist look, the power tracks seamlessly fit into their home interior that's decked in various tones of wood, black and grey.

## Living Large Through Comfort & Simplicity

Discover how a thoughtfully designed home combines modern luxury with effortless functionality, thanks to three strategically installed Sixty One PowerTracks.

To bring this vision to life, a mix of The Sixty One PowerTrack systems was installed in three key areas: the living room, coffee bar, and under the study desk

The coffee bar is a stylish nook featuring a sound system and humidifier, seamlessly powered by the PowerTrack. Adjacent to it, the living room serves as a versatile communal space where guests can charge their devices while enjoying entertainment

### Technical Specification

Standard Lengths	: 40cm, 50cm, 75cm, 100cm
Dimension	: 86mm x 19mm
Weight (approx)	: 1.8 kg /m
Rated Current Rated	: 32A-
Voltage Terminal Wire	: 250V-
Capacity	: 1.25-6(m2)
Assembled In	: China / Dubai , UAE
Warranty Period	: 3 Years
Multimedia Connectors	: HDMI / CAT6 / DUAL PORT USB*

### Touch Sensor LED Light Strip

Input Voltage	: 5V DC
Output Voltage	: 5V DC
Output Current	: 0.6A
Output Power	: 3W/m
Lumen	: 1000lm/m
Warranty Period	: 1 Year

### Built-in USB Charger (dual port)

Input Voltage	: 220V AC
Output Current	: 2.4A max
Output Voltage	: 5V DC
Socket Type	: USB type
Warranty Period	: A 1 Year

### Atmosphere sensing light strip

Atmosphere light strip, infrared induction switch, Wave your hand and it will light up, sweep lightly and it will go out

### Surface Process Design

The surface design adopts a staggered sand oxidation process, The touch of the skin version

### Easy to use, movable increase/decrease

Insert the track and rotate it 90° to power on. In a power off state, it can be moved.

### Type A + C

Dual fast charging interface to meet different charging needs

### 8000W high-power

Phosphor bronze conductor with high conductivity, Internal insulation wrapping
